

# SITTING ON SAFETY

Drive safely & ensure your child's safety by using a proper child car seat.

## Checklist:

- Straps are snug with one finger-width of slack; no twists.
- Straps are at shoulder level.
- Ensure the seatbelt straps/tethers are tight, keeping the car seat in place.

- Position your child with his or her back and bottom flat against the car seat.
- Chest clip is at armpit level.

REAR-FACING

FORWARD-FACING

BOOSTER

SEAT BELT

Keep your child in the specified car seat until they reach the recommended height & weight limit of the seat.

All children under 13 years old must be buckled and seated at the back seat.

Never place a rear-facing car seat in front of an active airbag.

Don't substitute a booster seat with a cushion; they can slide off, displace the child & cause strangulation.
